

# Armament<sup>®</sup> Concentrate

## 0-0-9

Foliar-Pak<sup>®</sup> Armament Concentrate is a high-molecular-weight amino-acid polymer that complexes nutrients, and improves their availability in the soil.

### PRODUCT DESCRIPTION/BENEFITS

Armament technology is a patented, biodegradable nutrient enhancer. This high molecular weight structure holds a large population of negative charges. These negative charges gently complex positively charged metals, keeping them in solution.

Apply Foliar-Pak Armament Concentrate with routine fertilizer applications for deeper, stronger roots, more resilient turf and longer lasting color.

- Foliar-Pak Armament Concentrate increases nutrient uptake and ensures predictable nutrient availability.
- Foliar-Pak Armament Concentrate unlocks the tied-up nutrients that already exist in the soil, turning them into plant usable nutrition.
- Armament technology prevents nutrient-to-nutrient interactions and chemical changes in the spray tank and the soil.
- Completely biodegradable and will not accumulate in the environment.
- Acting as a buffer, Foliar-Pak Armament Concentrate can be used in high pH and hard water.

### GENERAL USE GUIDE

This product is tank mix compatible with most fertilizers and pesticides. However, due to variability in water sources and pesticide formulations, a compatibility test is recommended.

<b>Golf Course Greens, Tees, and Fairways</b> <b>Sports Turf</b> <b>Lawns</b>	For optimal results, apply 10.0 to 20.0 fl oz per acre (0.25 to 0.5 fl oz per 1,000 sq ft) monthly for cool season turf; or 15.0 to 30.0 fl oz per acre (0.35 to 0.7 fl oz per 1,000 sq ft) for warm season turf.  May be tank mixed with other soil applied products. Dries safely on the leaf surface, but for best results water into soil profile as soon as possible.
<b>Ornamentals</b>	Mix 16.0 to 32.0 fl oz in 100 gal of water. Spray to the point of runoff or drench into soil.

### GUARANTEED ANALYSIS

Soluble Potash (K<sub>2</sub>O)..... 9.0%  
 Derived from: potassium acetate

### NON PLANT FOOD INGREDIENTS

Polymer ..... 38.0%

### PRODUCT INFORMATION:

Weight Per Gallon at 68°: 10.59 lbs (4.8 kg)  
 pH: 7.2
